

January 10, 2019

REMINDER OF UPCOMING CLAIM SUBMISSION DEADLINE

Dear Retired Player/Representative Claimant:

Please be advised that in order to be eligible to receive a Monetary Award for a Qualifying Diagnosis (*i.e.* dementia, Alzheimer's disease, Parkinson's disease, ALS or certain cases of Death with CTE), you must submit a claim. The deadline for you to submit your claim depends on when you receive your Qualifying Diagnosis. The claim submission deadlines are:

Deadline for Players Diagnosed *On or Before February 6, 2017*

- You must submit a claim by **February 6, 2019**.

Deadline for Players Diagnosed *After February 6, 2017*

- You must submit a claim within **two years from the date you were diagnosed**.

If you currently have a Qualifying Diagnosis, make sure to submit your claim before the applicable deadline. If you do **not** currently have a Qualifying Diagnosis, you do not need to submit anything at this time. Your time to submit a claim will begin to run after you receive a Qualifying Diagnosis.

If you want to confirm whether you submitted a claim, you should check the Settlement portal (if you are a portal user) or contact the Claims Administrator at 1-855-887-3485. If you miss this upcoming deadline and still want to submit a claim, please contact the Claims Administrator immediately.

Very truly yours,

Christopher A. Seeger
Co-Lead Class Counsel
