

## *New Option on Third-Party Funding Resolution*

Settlement Class Members who have third-party funding arrangements now have an additional option in resolving those arrangements.

This [Third-Party Funding Resolution Protocol](#) became effective as of September 20, 2018 (the "Protocol").

Third-Party Funders may elect to participate in the Protocol by submitting a [Declaration of Consent to Substitution](#). By completing all necessary [forms](#), the Third-Party Funder and Settlement Class Member agree that any prohibited assignment between them and any rights that might be held under it are terminated.

This Protocol is in addition to the rescission option set forth in the Court's December 8, 2017 Explanation and Order. The process for rescission is outlined in the [Rules Governing Assignment of Claims](#).

Settlement Class Members should consult their individually-retained lawyers in considering these various options. Settlement Class Members with Third-Party Funder transactions who are not individually represented should email the Claims Administrator at [ClaimsAdministrator@NFLConcussionSettlement.com](mailto:ClaimsAdministrator@NFLConcussionSettlement.com) or call 1-855-887-3485.

Anyone with questions about this alert can also email or call the Claims Administrator.
