

BAP Class Member Portal

The BAP Settlement Class Member Portal is now available for Settlement Class Members and their attorneys to request baseline assessment examination appointments online. This Portal gives users the ability to:

- Electronically sign the BAP HIPAA Authorization
- Search for Qualified BAP Provider organizations close to the Retired NFL Football Player's home
- Search for Qualified BAP Providers in other locations
- Select Qualified BAP Providers with whom they would like to schedule appointments
- Identify dates that the Retired NFL Football Player is not available for scheduling
- Confirm baseline assessment examination appointments after they are scheduled
- View BAP-related documents

To schedule a baseline assessment examination online, log in to your portal and click the BAP menu at the top of the screen. Follow the instructions there to: (1) access the BAP Administrator's online BAP HIPAA Form that can be signed electronically; and then (2) schedule your preferred dates and locations for a baseline assessment examination.

This network of Qualified BAP Providers will expand as we continue to identify additional providers, so check back often to see if Qualified BAP Providers have been added in your area.

Settlement Class Members may also continue to request appointments with the BAP Administrator through the NFL Concussion Settlement Call Center at 855-887-3485.
