

CONCUSSION SETTLEMENT

IN RE: NATIONAL FOOTBALL LEAGUE PLAYERS' CONCUSSION INJURY LITIGATION
No. 2:12-md-02323 (E.D. Pa.)

REQUEST FOR RESCORING OF NEUROPSYCHOLOGICAL TESTING RESULTS

I. INFORMATION ABOUT HAVING YOUR PRIOR TESTING RESULTS RESCORED

Use this form to have one of the Program's Court-appointed neuropsychologists rescore your prior neuropsychological testing using the race-neutral New Method. The Program's doctors will do the rescoring for you instead of having to go back to the physician that did the original testing if you wish to take advantage of this service for an administrative fee. You can have your testing rescored if:

1. The testing was performed after January 7, 2017, outside of the Baseline Assessment Program ("BAP"); and
2. You either did not submit a Settlement Claim, or you submitted a Settlement Claim that was denied in part because Black Race Norms or Black Race Demographic Estimates were applied to the testing.

To have your testing results rescored, you must: (1) pay a \$500 fee by mailing a check made payable to the NFL Claims Administrator, and (2) send us the neuropsychological testing report that needs to be rescored. After we receive your payment and the testing report, we will send it to a neuropsychologist for rescoring and share the final results with you. This fee is required because you were not eligible to have your prior testing automatically rescored under Section 2.5 of the Court-approved Norming Agreement as it was not part of a BAP evaluation or related to a Settlement Claim you had submitted.

Note: There is no guarantee that the prior testing will result in a compensable diagnosis after rescoring under the New Method because it is possible that Race Norms were not applied to the testing results, or the testing results could be deemed invalid.

If you believe your prior neuropsychological testing qualifies for rescoring, complete this form and mail it along with the testing results and the \$500 payment to:
